## Baths and Beyond

Scavolini enters the Bathroom Furniture segment by offering all the benefits, quality and fine design only a great brand can deliver. They chose to work with one of the industry's top architecture firms to create six complete bathroom collections, with a rich variety of forms, materials and finishes. The functional, innovative design solutions make this collection a major milestone in the evolution of bathroom furnishing. ([scavolini.com](http://scavolini.com))

## Splendid Craftsmanship

For Aarti Aggarwal, founder and head designer of House of Design, design is not just an application of skill; it is a way of thinking. Teams of creative, skilled designers have handpicked or custom-made this unique line of furniture, which blends design and craftsmanship. ([houseofdesign.co.in](http://houseofdesign.co.in))

## Floor Plan

Flooring is at the very heart of I Vassalletti, the Tuscan company which has continually innovated with their collection of classical floors. Modern production methods combine technology with craftsmanship to blend the preciosity of wood with the ancient knowledge handed down from generations of artisans to create harmony between tradition and innovation.
